BACKGROUND INFORMATION:

In 2007 the U.S. Department of Labor (USDOL) made Workforce Investment Act National Emergency Grant (NEG) funding available to assist states with the planning and implementation of workforce development initiatives related to the 2005 Base Realignment and Closure (BRAC). Based on a regional approach, Maryland's Department of Labor, Licensing and Regulation's (DLLR) Division of Workforce Development and Adult Learning (DWDAL) was awarded a \$4 million grant that addressed workforce challenges created by the 2005 BRAC process. Maryland's Program, Workforce ONE Maryland, provided regional BRAC Project Coordinators that facilitated collaborations between partners and coordinated regional workforce development initiatives.

Continuing in the effort to assist those impacted by the 2005 BRAC, the USDOL has awarded the State of Maryland and District of Columbia (DC) a \$7.6 million NEG to implement an integrated approach to help jobseekers navigate the federal hiring process and compete for BRAC jobs and other federal jobs across the region. This collaborative effort titled "FEDirect" will provide an opportunity to leverage resources, expertise and regional relationships that currently exist between Maryland, the District of Columbia, and Virginia. **This NEG grant has a start date of February 18, 2011 and ends on December 31, 2012.**

Within our region, BRAC workforce transitions included both gaining and losing workers. While the District of Columbia faces a net loss in terms of workforce, Maryland will be the recipient of these and other BRAC impacted workers.

Seven Maryland Project Operators and the Department of Employment Services (DOES), who will act as Project Operator for the District of Columbia, will receive NEG funding. Virginia will participate via a Regional Training Agreement that has been in place for the past year between Maryland and the District. However, they are not requesting funding under this grant. The Maryland Project Operators are:

- Anne Arundel Workforce Development Corporation
- Baltimore City, Mayor's Office of Employment Development
- Mid Maryland Workforce Investment Board
- Montgomery County, Division of Workforce Services
- Prince George's Economic Development Corporation, Workforce Services Division
- Tri-County Council for Southern Maryland
- Susquehanna Workforce Network

PERFORMANCE AND REPORTING GUIDELINES:

ELIGIBLE PARTICIPANTS:

Participation in projects funded with these BRAC NEGs include transitioning workers and family members, veterans, dislocated workers, unemployed workers, the emerging workforce, and local businesses in BRAC direct and indirect jobs.

Standard eligibility for the local formula funded programs must be determined and documented before intensive and or training services are provided, with core services being universally available without program enrollment/ registration (Reference CFR 20 Part 665.340). Local areas must verify that participant can meet eligibility requirements under WIA Sect. 101(9) or (10) or TEG 22-04 change 1, in serving military spouse under certain conditions, before enrollment occurs.

Maryland Workforce Exchange (MWE) Procedures for Tracking the National Emergency Grant BRAC:

To comply with regulatory reporting requirements and determine the success of BRAC NEG investments; BRAC NEG grantees must report characteristics, services received, and outcomes of participants served with WIA and BRAC NEG funds. Such information is critical to determine the success of these investments.

BRAC NEG customers must be enrolled in the MWE system. As part of the enrollment process it is mandatory to enroll participants under the Statewide NEG/ BRAC project ID. Additionally, a BRAC service must be entered into MWE by selecting the "BRAC NEG" program option from the statewide grants menu.

Steps for assigning BRAC NEG to a participant in MWE (MWE Alert 2011-080)

- Staff must 1st complete the WIA application to determine eligibility in WIA, must select under the NEG/SAA/Statewide Grants section as the 1st NEG grant- **BRAC NEG**, must be made eligible for statewide DW or Adult.
- The WIA statewide is currently a must, in order to have the NEG BRAC grant available to assign services. A service must be assigned using the BRAC NEG grant to count as reportable services received. All NEGs are included in our federal extracts for reporting on a quarterly and annual basis.

- Per WIFEDI 7-11, the following are recommended services that can be funded with BRAC NEG:
